

STATE STORM SWEEPED TODAY

Cyclone And Cloud Bursts In The Northern
Section Are Reported By Telegraph.

MILLION DOLLARS' DAMAGE DONE

Several Towns Are Cut Off From The Outside World By
Floods And Bridges Which Have
Been Swept Away.

[SPECIAL BY SCRIPPS-M'RAE.]

Milwaukee, Wis., June 6.—Floods throughout the state are estimated to have done a million dollars' worth of damage throughout the state. Reports from all quarters are of heavy rainfalls and severe loss to property. At Fond du Lac twenty streets were under water and the loss is estimated at a hundred thousand dollars easily. Several big rats of logs have been carried far out into the lake and in some localities the residents are using boats as means of locomotion.

At Other Places
At Sheboygan Falls which is situated in a valley a large woolen mill was destroyed and fourteen freight-cars swept away in the wreckage. Twelve bridges between Fond du Lac and Sheboygan have been swept away and railroad traffic is seriously interfered with. Poyette, Portage and Barron are isolated, both telegraph wires and bridges being done and swept away. At Curtis there is a report of a cyclone with a hundred-thousand-dollar damage.

Two Killed
Two persons are reported killed at this place and ten badly injured. The Lutheran church and fifteen houses were badly damaged and the town is shut off from any outside communication.

At Chippewa Falls Paul Labounty and a school companion were swept off the bridge and drowned. Loss of life in other parts of the state are also reported.

Several Drowned
Several are reported drowned at Newton and the town isolated. At Beloit a washout caused damage to \$50,000. The loss at Sheboygan Falls is now placed at \$60,000. All trains are stalled and the interurban stopped. Water is running over the town three feet deep. Trains of the entire state are delayed. Never before was it so general.

Dams Go Out
The dams went out this noon at Waldo and Bingham. The entire corn crop of the state may have to be replanted except in unusually high places. The flood is the worst since 1833 and the damages are growing every hour.

Over in Michigan
Detroit, June 6.—Western Michigan was visited by a cloudburst last night. It was the worst in forty years. Eighty blocks in Grand Rapids are inundated, the water surrounding five hundred homes. The loss is \$100,000. The storm did a thousand dollars damage in Ionia.

DO NOT ACCEPT POLICE THEORY

Friends of David Baldwin Con-
tend He and His Compan-
ions Were Murdered.

BLOODHOUNDS PUT ON SCENT

Coroner Employs Dogs to Secure
Trace of Assassin—Post Mortem
Shows No Marks of Degeneracy in
Skull of Dead Man.

Hillsboro, Ohio, June 6.—Public sentiment is divided on the solution of the crime which resulted in the deaths of Maudie Dines, her cousin, Nellie Hart and David Baldwin.

Friends of Baldwin contend that all three were murdered, while the police incline to the theory of murder and suicide. Coroner R. W. Pratt has sent for bloodhounds, which will be put to the scent of any possible interloper who may have shot the three young people. A post-mortem examination of Baldwin's skull has been made, but developed no traces of degeneracy, and this, in connection with the fact that he had no motive for committing such a deed, lends strength to the theory that the real criminal has not yet come under suspicion.

Room Was on Fire.
The police investigation shows a peculiarly revolting crime. The room which was occupied by the two girls was on fire when the murder was discovered and Miss Hart's body lay on the blazing bed. That of Miss Dines was on the floor behind the partly closed door.

The room was in disorder, furniture was overturned and scattered on every side and it was evident that Miss Dines made a desperate struggle for her life. The theory is that the murderer, who was armed with Mr. Dine's revolver, entered the room and shot Miss Hart as she lay asleep, killing her instantly.

Miss Dines, awakened by the shot, evidently grappled with the murderer and for some time fought to save herself. She probably broke away and was running for the door when she was shot. On the floor lay the revolver, which had been taken from Mr. Dine's room.

Head Torn to Pieces.
Baldwin was found near by with a shotgun, also the property of Mr. Dines lying beside him. The side of his face was torn off by the discharge of one of the barrels, fired at close range.

The young man was a voracious reader of yellow-backed novels and sensational newspaper stories. He had pursued this course of reading until, his friends say, he was mentally unbalanced. His actions have been accounted for on the morning of the murder until 8 o'clock, when he telephoned to George Wilson, a farm hand, he had intended to go to Sunday school, but that a friend had failed to call for him.

TEAMSTERS HAVE THEIR COMMITTEES

Seek to Make Some Settlement with
the State Street Store Own-
ers This Morning.

[SPECIAL BY SCRIPPS-M'RAE.]
Chicago, Ill., June 6.—The executive board of the teamsters met at the Briggs House this morning and began a conference with a view of finding a way to end the strike. It is reported that a committee will be appointed to wait on the employers. The peace committee appointed last night by the teamsters in joint council will meet the State street merchants today in an effort to effect individual agreements. Tonight the truck-drivers meet to vote on the question of arbitrating and depending on this decision is the possible increase of the number of men on strike by six thousand. In view of the announcement by Attorney Mayer the employers will have no dealing with the strikers' committees unless clothed with full power to make agreements with the employers in general, small hope is entertained that the present peace moves will succeed.

GOVERNMENT VESSEL IS ON THE ROCKS

Is Off Rhode Island Coast, But Is
Not in Any Danger of
Sinking.

[SPECIAL BY SCRIPPS-M'RAE.]
Freeport, L. I., June 6.—The identity of the vessel which ran ashore in the fog last night was established this morning as that of the government patrol-boat "Caclus." It was bound for New York with twenty-five members of the survey service. The wrecking vessels have gone to its assistance. There is apparently no danger.

MITCHELL HERESY CASE BEING HEARD

Boston University Trustees Take Up
Question of Retaining Profes-
sor of Theology.

[SPECIAL TO THE GAZETTE.]
Boston, Mass., June 6.—The board of trustees of Boston University met here today to take action on the case of Prof. Henckley G. Mitchell, of the theological faculty, whose reelection the Methodist bishops recently failed to confirm. Ex-Governor Bates is chairman of the commission. Much secrecy has been maintained by the trustees regarding the case of Prof. Mitchell, who is charged with heresy. It is understood that he has no intention of relieving an embarrassing situation by resigning.

MRS. MAYBRICK ON THE WITNESS STAND

She Testifies in Case of Her Mother
Against D. W. Armstrong for
Recovery of Land.

[SPECIAL TO THE GAZETTE.]
Washington, D. C., June 6.—The taking of testimony in the case of the Baroness von Roque, mother of Mrs. Florence Maybrick, was resumed today before Judge Barnard after a postponement of several days because of the illness of Mrs. Maybrick. The Baroness is fighting D. W. Armstrong and others for the recovery of certain lands in Kentucky and Virginia and her daughter is one of her principal witnesses. Her physicians say that Mrs. Maybrick is threatened with ossification of the knee-bone.

FRENCH ACADEMY DISCUSSES CANDIDATES FOR VACANT CHAIR

Mm. Loay or Maurice Barres Will
Succeed the Sculptor Guillaume,
Deceased.

[SPECIAL TO THE GAZETTE.]
Paris, June 6.—The French Academy met today and took up the discussion of candidates for the chair rendered vacant by the death of the sculptor Guillaume. The choice of candidates was limited to Mm. Loay and Maurice Barres and the election takes place Thursday.

PLAN TO TAX TELEGRAPH LINES

Nova Scotia May Force One Company
to Pay \$40,000 in Fees.

St. John's, N. F., June 6.—The colonial government has introduced to the legislature a bill imposing an annual tax of \$4,000 on every telegraph cable landed on the coast of the island; a tax of 1 per cent on the traffic receipts of every telegraph company doing business in the colony; a tax of \$4 on every telephone operated and \$4,000 on every wireless telegraph company doing commercial business, those who only report ships being exempt. So far the only company affected by the proposed law is the Anglo-American Telegraph corporation, which operates cables, land lines and telephones on which it will have to pay nearly \$40,000 annually under this scheme of taxation.

The strike of the 500 employees of the American Can company at Davisonport, Iowa, terminated in a complete surrender of the strikers.

WILL DISCUSS THE TOWNSEND MEASURE

Congressman Townsend Will Debate
with Southern Railroad Presi-
dent Before Hardware Men.

[SPECIAL TO THE GAZETTE.]
Hot Springs, Va., June 6.—The American Hardware Manufacturers' Association opened its annual convention here today in connection with the Southern Hardware Jobbers' Association. An interesting feature of the meeting will be a joint debate between Samuel Spencer, president of the Southern Railway and Congressman Charles E. Townsend of Michigan. The Townsend bill, which was before the last session of congress, will be the question under discussion. Mr. Spencer is the avowed champion of the railroads against the bill, or any additional legislation on similar lines.

SAY HANGING WILL ATTRACT BUSINESS

Negro, Who Two Mississippi Towns
Wanted to Execute, Receives
Punishment Today.

[SPECIAL TO THE GAZETTE.]
Carrollton, Miss., June 6.—Henry Brown, colored, was legally hanged here today for murder. This hanging has attracted attention throughout the south because of the contention between Vaidon and Carrollton for the hanging, because of the increased business to be brought into the town by the crowds who would come to witness the hanging.

CAN KANSAS HAVE AN OIL REFINERY?

State Supreme Court Takes Up Case
of Legality of Proposed
Bond Issue.

[SPECIAL TO THE GAZETTE.]
Topeka, Kans., June 6.—The supreme court today took up the case of a State oil refinery and it is expected that a decision will be reached early in July. Work on the State oil refinery cannot be decided until the supreme court has decided upon the legality of the proposed bond issue.

H. G. DAVIS' BROTHER RUNS FOR CONGRESS

Aged Seventy Years, is a Millionaire
Banker and Horseman—Dis-
proves Osler Theory.

[SPECIAL TO THE GAZETTE.]
Cumberland, Md., June 6.—Unusual interests centers in the special election which is being held in the Second West Virginia District today for a successor to Alston G. Dayton as member of congress. The democratic nominee is Col. Thomas E. Davis, aged seventy-seven and brother of ex-Senator Henry Cassaway Davis. He is a millionaire banker and horseman, and says that his vigor and sprightliness disproves the Osler theory.

Carl Baglein, a clerk at Westby, was instantly killed by falling from a coach under a flat-car on the La Crosse and Southeastern interurban road Sunday afternoon.

HISTORIC PROPERTY IS AUCTIONED OFF

Abandoned Lands in Fort Sherman
Military Reservation, Wash-
ington, Sold.

[SPECIAL TO THE GAZETTE.]
Washington, June 6.—By order of Secretary Hitchcock, of the Interior Department, the lands in the abandoned Fort Sherman Military Reservation at Coeur d'Alene City, Wash., were sold today at public auction. Thus passes from under the control of the government one of the historic pieces of western property.

NEWSPAPER MEN IN ANNUAL GATHERINGS

National Editorial Association Con-
venes at Guthrie, Oklahoma—
Circulation Men at Toronto.

[SPECIAL TO THE GAZETTE.]
Guthrie, Okla., June 6.—The annual convention of the National Editorial Association, which is composed of some of the foremost men in journalism, met here today and will continue in session three days, at the close of which the delegates will take an extensive trip through the west.

Toronto, Ont., June 6.—The National Association Managers of Newspapers Circulation began their second annual convention here today at the King Edward hotel. The election of officers does not occur until Thursday. Among the topics to be discussed are "The Best Way of Increasing the Price of a Daily with a Minimum loss of Circulation," by J. T. Fleming, of the Scranton, Pa., Times, and others. "The Sunday Paper," "Circulation Expense," and other kindred topics.

ANOTHER MIX-UP IN FRENCH POLITICS

Minister of Foreign Affairs Resigns
His Portfolio This
Morning.

[SPECIAL BY SCRIPPS-M'RAE.]
Paris, June 6.—It is officially announced that M. Deleassé, the minister of foreign affairs, has resigned, and Premier Rouvier has assumed charge temporarily.

A CRISIS IN INTERNAL AFFAIRS

Defeat Of Rojenvesky And His Fleet Has Again Brought
The Anarchist To The Fore In Russian
Politics.

[SPECIAL BY SCRIPPS-M'RAE.]

Berlin, June 6.—It is reported on the Bourse that the Czar was assassinated. It is said a private telegram to this effect was received by Mendelsohn, bankers of the Russian government.

Later Denial
The Mendelsohns deny receiving any telegram regarding the assassination of the Czar. The report is not confirmed from other sources.

Not Severe
Manila, June 6.—It is learned the ultimatum from Washington to Vice Admiral Enquist is not so severe as was first reported. The question of time is still under discussion. The breach blocks of the guns of three Russian cruisers were temporarily removed.

Hold Colliers
Washington, June 6.—Consul General Rogers of Shanghai cables the state department that seven Russian colliers at Woosong will be interned by order of the Chinese government. The Russian torpedo-boat Bodry has been interned at Shanghai.

Last to Leave
Chefoo, June 6.—General Balasceff and his staff have arrived from Port Arthur. They leave today for Russia overland. The embalmed body of General Kondratichenko was brought here by Balasceff and shipped to

Odessa. The last of the Russians have now left Port Arthur.

Moscow, June 6.—The meeting of the all Russian zemstvo congress, called for Tuesday, for which 280 delegates arrived here Monday, and at which it was proposed to introduce resolutions calling for the immediate end of the war, has been prohibited.

The order of prohibition, which arrived only late Monday night, has aroused the greatest indignation and resentment.

Many of the delegates are determined to defy the government and to proceed with the congress, in which case trouble may be expected.

Delegates representing social revolutionaries and the "League of Leagues" are also in the city, and an effort is being made among them to agree on a basis for common action.

Labor leaders are negotiating for the purpose of declaring a general strike next Saturday.

The Russian cabinet may be broken up because the czar has given Trepot dictatorial power. Boulgan resigned as minister of the interior Monday. Count Lamadorf, it is reported, already has resigned. Others may follow.

JAMES HAZEN HYDE REMOVED FROM THE BANK DIRECTORATE

Another Phase of the Present Trouble
in the Equitable Insurance
Company.

[SPECIAL BY SCRIPPS-M'RAE.]
Pittsburg, Pa., June 6.—James Hazen Hyde was removed from the directorate of the Mellon National bank and Union Trust company. This action follows the declaration by H. C. Fryck not to again sit on a board with Hyde.

Three Members of Association Pres-
ent—Display of Cotton Seed
Oil Machinery.

[SPECIAL TO THE GAZETTE.]
Memphis, Tenn., June 6.—Three hundred members of the Oil Mill Superintendents' Association from all parts of the cotton states met in annual convention here today. Among the interesting features of the convention will be a display of cotton seed oil machinery and other apparatus of interests to the trade.

GERMAN CROWN PRINCE AND DUCHESS CECILIA WED

Marriage Solemnized According To The "Book
Of Ceremonies Of The House Of
Hohenzollern."

[SPECIAL TO THE GAZETTE.]
Berlin, June 6.—With all the ceremony of the Prussian royal family Frederick William, crown prince of Germany, and Duchess Cecelia of Mecklenburg-Schwerin, were married here today in the presence of princes, princesses, ambassadors and statesmen representing almost every civilized country of the globe. First there was the civil ceremony performed by House Minister von Wedel, followed by the religious rite celebrated in the Court Chapel on the palace by Dr. Dryander, the royal chaplain. The procedure observed in the wedding fits 113 pages of the "Book of Ceremonies of the House of Hohenzollern."

Imperial Bride's Gown.
The imperial bride's gown is an international composition. The material, which is cloth of silver came from Russia and was imported especially for the occasion by the Grand Duchess Anastasia, mother of the bride. It was embroidered with wonderful garlands of silver by German needlewomen, and was made by a famous modiste of Paris. The silver embroidery is on a rose ground and the train is thirteen inches long, six feet, six inches wide.

Many Exquisite Gifts.
Frederick William is the first of the Hohenzollern crown princes to marry. The Prussian cities have united in a wedding gift for the royal couple. One of the most interesting gifts is that of the Provincial Council of Hanover. It consists of a replica of the famous silverware found in 1858 in the neighborhood of Hildesheim. The presents received by the couple, of course, are priceless and come from all parts of the world. There are rugs from the Sultan of Turkey, white Austrian horses with silver mounted harness from the Emperor of Austria, diamonds and fine spun silks from the Prince and Princess Arisugawa, of Japan, and other gifts too valuable and numerous to mention.

Palaces for Couple.
Several of the royal castles have been put in order for the Crown Prince and his wife. Their regular abode, however, will be the Stadtschloss in Potsdam. In the summer they will live in the marble palace in the same city. This castle is on

a charming lake, Heiligen See. Directly after the ceremonies the royal bride and groom will go to Castle Oels, which is an estate of his own.

Elaborate Ceremonies.
One of the unique ceremonies followed at the wedding was the old-time custom of distributing the bride's garter. Ministers and ladies of the royal household escorted the couple to the chamber, in olden times, but today the ceremony took the form of a torchlight procession ending at the ballroom door, through which the couple made their exit. Chancellor von Buelow led the march. Following were all the cabinet ministers of Germany, carrying candles. They were joined later by the emperor and empress, the crown prince and crown princess and royal guests, each with a lighted candle, and eventually all joined in a stately polka.

The empress never looked more beautiful than today and Emperor William in his brilliant uniform was stately and dignified personified. It will be ten days before the couple will be formally received by the city of Potsdam and the festivities in connection with the royal wedding will continue for a week to come.

No Ruler Present.
Politicians pretend to attach political significance to the failure of any European monarch to attend the wedding today of the crown prince of Germany and Duchess Cecelia. Emperor Francis Joseph and King Christian of Denmark sent regrets on the ground of old age, King Edward sent regrets without any explanation, the King of Sweden is too ill to travel, the King of Italy is detained by business; war prevents the czar and czarina from journeying to Berlin and the King of Spain is visiting England. King Peter of Serbia was not asked, and probably would be too much engaged with the tempestuous events of his own little kingdom to come, had he been invited. All of the German sovereigns are, of course, in attendance, but the people as a whole are disappointed because they expected to see all the crowned heads of Europe in Berlin today. Their absence is considered a curious evidence of Germany's isolation.

CELEBRATION IS PROMISING WELL

JANESVILLE PLANS TO OUTDO ITSELF ON THIS FOURTH.

COMMITTEES HARD AT WORK

Colonel Nonesuch Sends Wireless Dispatches of Some of the New Feats He Will Exhibit.

The finance committee of the Fourth of July celebration is still out after funds. More money is needed and many who have contributed in past years have not yet been seen, owing to lack of time by the committee, and when they are reached it is hoped that they will understand the necessity of giving liberally so that the present celebration may be a good one.

The Motto
The motto for the celebration is Free Circus parade, free civic parade, free music, free vaudeville, all day, and a band concert and fireworks in the evening. In order to see the day properly an early start will be made. First comes the civic parade in the morning. Those who saw last year's civic display will be surprised at the new and unique schemes that Chairman Fish has concocted for the present celebration. It will be longer, larger and better than ever before. Assisted by his committee Mr. Fish is hard at work securing displays and is meeting with success.

The Circus Parade
In the afternoon comes the famous Nonesuch Brothers' circus parade. Chairman George McKee has this in charge and is receiving encouragement of novel exhibits for this most famous feature of the day's celebration. He has called a meeting for Thursday evening at seven-thirty at his home to discuss definite plans. "Colonel" Nonesuch himself will not be present, owing to his absence in the far west, where he is endeavoring to persuade the Togo's sailors to come back with him for the celebration. He also reports that he has several new lion tamer, snake charmers and other freaks who are usually seen in museums and who have signed contracts to appear in the parade.

His Telegram
The following telegram was received by McKee from the indefatigable "Colonel," dated Shramapattam, P. A. J. 6, and address to "Col. McKee": "Count on me for certain. Have my shipload of freaks from all parts of the globe—snakes, men, caribals, lions, tigers, snakes and rare birds. Am a regular Noah's ark and will keep work in keeping order. Expect to stop in Japan and secure some of the species of the Japs that defeated the Americans to cap the climax, and will then sail for Janesville arriving here some time next week. Do not think Russians would be good drawing-card at present time, do you? Might get a few bomb-throwers if you think so. Have one fine specimen of a Jap after which will interest the Janesville people, for as I remember the Japs are overruled with canines. Am yours in haste, "Annianus," Aphra Nonesuch."

The Vaudeville
Present indications are that there will be a good street display of vaudeville on the streets all day the Fourth. Stands will be erected and performances given that will not fail to interest and amuse. This feature of free shows will please everyone and the committee in charge promise the best of material and the best of attractions.

Good Music
Chairman Bostwick of the music committee plans to have at least four bands here on the fourth to discuss sweet music during the day and to give band concerts in the evening. There may perhaps be more than four bands, but there will be four anyway. This does not include the mounted band which will appear in the Nonesuch Brothers' parade and which will be imported for the occasion, nor the numerous drum corps that are promised.

The Decorations
Janesville will be in gaa display for the occasion. The decoration committee is trying to think up some novel way of lighting the city and they promise new features in this line that will be surprising. Then there are fireworks and red lights and the fire-crackers and other usual accompaniments of the Fourth to count on, promising to make the day one to be long remembered.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.
To treat Dandruff and Falling Hair, with irritants or oils on which a parasite germ will prosper, is like scooping water from the ocean to prevent the tide from rising.
You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.
You must kill the Dandruff Germ. Newbro's Herpicide does this because it is specially made to do that very thing. When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

Milton College, 10; Sacred Heart College, 2.

Thursday, June 11, Sacred Heart came from Watertown and received a good drubbing from the Milton College boys. It was a one-sided game from start to finish, due partly to a wild pitcher and poor playing on the part of Sacred Heart. A change of pitchers in the sixth inning was an improvement but this did not help them out much as Place, the college pitcher, did not let them find the ball but twice in the last three innings so that they could not do anything to even up the score. Barnard, Windorf, Schwartz were the battery for Sacred Heart. Place and Robinson for Milton. Place struck out twelve men, Windorf four.
Two School Picnics.
The pupils in Misses Millar, Clarke and Webb's departments enjoyed a picnic in the Park Friday and from the hilarity exhibited had a jolly good time. Miss Rye and her scholars had a similar outing at the "Big Pond."

Milton Brief Notes.
Elam Coon and wife of Utica, spent Saturday in the village.
A. Bernard Saunders came up from Chicago Friday and will spend the summer at home.
Miss Della Plumb, has returned from Lafayette, Ind.
Miss Veolia Brown left today for Lakeview, Cal., where she will teach the coming year.
Rev. S. E. Very, of Oshkosh, representing the American Sunday School Union, was in town Saturday.

Rev. R. M. Vaughn and wife, Mrs. John Cunningham and sons and Dr. A. L. Burdick of Janesville, attended church here Saturday.
Paul T. Norton of Philadelphia, Pa., spent Saturday and Sunday with his sister, Mrs. W. C. Daland.
Miss C. B. Leonard has finished her school work at Evansville and is at home for the summer.
Miss L. E. Walker left for Two Rivers Monday morning.
Mrs. W. G. Alexander, of Lima, visited her parents Thursday.
The second volume of the High School Annual, "The Golden Arrow," appeared Friday. It is a highly creditable publication to both school and printer.

Miss Agnes Wolf of Irwin, Pa., is the guest of President and Mrs. Daland.
Dr. W. H. Borden transacted business at Watertown Thursday.
Mrs. Everett A. Smith of Milwaukee, was the guest of Mr. and Mrs. Jas. McEwan Thursday.
Miss Little Reynolds has gone to Green Bay where she will visit friends for several weeks.
Geo. I. Hurley and wife are here to spend their summer vacation. Mr. Hurley was a member of the class of '02 in Milton College and during the past year has taught at Turtle Lake with success and expects to return for another year.
Mrs. A. S. Blount and Miss Julia M. Moore of Chicago spent Sunday in the village.

ALUMNI COMMITTEES HAVE BEEN NAMED
Are Arranging for Annual Banquet—Working for Large and Compact Organization.
The preparations for the alumni banquet are proceeding in a satisfactory manner. A great deal of enthusiasm is being shown over the matter and it is hoped that several class reunions may be arranged for that date. Mr. Buel and the teachers of the high school are much interested and have offered the use of their offices or classrooms for any meetings which may be held for that purpose. Circular letters are being sent out to chairmen of the different classes, who are interesting their classmates in the idea of founding a large and permanent membership list.

Composition of Committees
The list of committees as appointed by the president, Mrs. Walter Helms, is as follows:
Music committee—Miss Grace Blanton, Miss Elsie Fathers.
Program committee—Mrs. R. Edson, Miss May Clark, Miss Rose Hartorn.
Decorating committee—Miss Margie Barker, Miss Edith Loomis, Miss Anna De Forest, Miss Charlotte Mount, Ned C. Helms, Max Millmore.
Banquet committee—Mrs. W. Merritt, Mrs. H. Garbutt, Mrs. Yinnie Carle, Mrs. Mabel Reynolds, Mrs. Bowerman, Mrs. Maude Fisher.
The banquet committee met last evening at the store of Walter Helms on South Main street and work on the arrangements for the supper was commenced.

WEST SIDE BILL IS VERY ENTERTAINING
Acts Are Various, Amusing and Wonderful—Frederick The Great and Antonio Van Goffe.

Variety characterizes the bill at the West Side vaudeville house this week. In the line of wonderful acts are Antonio Van Goffe, who is probably the greatest body equilibrist ever seen in the city; Frederick the Great, the magician and illusionist, who after cleverly performing the various acts of the magic art on the stage comes among the audience pinching coins from persons' heads and clothing and at last extracts a live rabbit from the neck of one of the spectators; and Emma Cotrelly, a woman-juggler of much skill. In the comedy line the Evans trio present the most pleasing entertainment, while William Colton and Jean Darrow stage a boisterous musical and farcical sketch. The illustrated songs rendered by George Hatch are "Sylvie" and "I Want My Mamma." The projectoscope is now operated by R. E. Griffiths and the films shown are "No Room for Dad," "A Charming Enchantress" and "Wanted—A Dog," the latter of which is of length.

CAPT. MOORE TELLS OF WAUPACA VETERANS' HOME

Says State of Wisconsin Has Provided a Small Paradise on Earth for Its Old Soldiers.
Capt. Benjamin F. Moore, who took Henry B. Wilhelm to the Soldiers' Home, has returned from Waupaca enthusiastic over the life and environment provided by the state of Wisconsin for the veterans of the Civil War in their declining years. "I never realized before how patriotic our state is," said Capt. Moore. "I have been in the homes in California and Kansas but none of them can compare with Waupaca—beautiful Rainbow lake and the buildings, the care taken of the residents there. Some of the old soldiers who are married live in cottages near by and take their meals at home." Mr. Wilhelm has been in feeble health for some years. His friends will be pleased to know that every attention will be given him in his new home.

FORMAL OPENING OF GOLF SEASON

SINISSIPPI LINKS WAS A GAY PLACE THIS AFTERNOON.

SUPPER AND DANCE TONIGHT

Formal Opening of the Season of Nineteen Hundred and Five Is Auspicious.

Officially the golf season in Janesville is now open. Unofficially golfers have been playing ever since the snow was off the ground at the links, but today's matches are the first real club series of the present summer. Mixed foursomes, individual matches, putting contests, croquet games and the usual gallery are to be found at the Sinissippi links this afternoon. Later a club supper will be served and later a dance in the clubhouse will be held at which four string instruments will furnish inspiration.

Links Beautiful
The heavy rains of the spring have made the links a place of beauty. While they may not have benefited the farmers' crops materially, the links are rich in the green tints and the foliage of the woods in the distance make a charming background of green. There is always a breeze on the golf club porch and here are to be found many members who are less strenuous than their friends and had rather enjoy the view and air than work in the hot sun.

Changes Planned
The house committee are planning several changes during the next few weeks, but they will not tell just what they will be. The club bus met the cars all day today and many availed themselves and enjoyed the view, the air and the general good time, experienced. Ideal weather, a drizzle hot in town, but cool on the golf club porch; attracted many and other enthusiasts played round after round with unaltered spirit.

WELL ENTERTAINED BY PROJECTOSCOPE

D. W. Robertson's Moving Picture Exhibition Was of Exceptional Merit and Pleased.

D. W. Robertson's moving-picture exhibition at the Myers theatre was worthy of much better patronage than it received last evening. The audience was delighted with the clear, bright animated scenes—most of them entirely new in subject matter and presentation. The pursuit of the escaped lunatic who imagined he was Napoleon, the rarely beautiful picture of the vintage in France, the episode of the burglars, the tubbing of the babes, the automobile race on Long Island, the Pioneer Limited on the St. Paul railroad, and Jupiter's thunderbolts, were among the favorites. E. L. McIntosh's songs were illustrated by some gorgeous scenery and "In the Shade of the Old Apple Tree" and "Bunker Hill" pleased.

LARGE AUDIENCE AT THE CONCERT

Recital of W. H. Williamson and A. H. Bergen Last Evening Was Treated for Music-Lovers.

W. H. Williamson, organist and choir-master of St. Paul's church and of the Temple Emanuel, Milwaukee, and his pupil, A. H. Bergen of the same city, were greeted with a large and enthusiastic audience last evening. The concert-recital was given under Trinity Episcopal church auspices in the First Congregational edifice and several young ladies, dressed in white performed the exacting duties of ushers in a very creditable manner. The program which has already appeared in these columns was an index to the capabilities of both players. Mr. Williamson favored his hearers with but four organ numbers but these were sufficient to reveal his complete command of the instrument. For the intricacies of Pergini's "Rhapsodie" and Guilman's "Capriccio"; the intensely dramatic and masterful interpretation of Lemmens' "Storm Fantasia," and the restful and satisfying "Barcarolle" from the pen of Sterndale-Bennett, brought out every capacity of the organ to gether with the true artist-soul of the player. At the piano also Mr. Williams was all that an accompanist should be. Of Mr. Bergen it can be truly said that he possesses one of the most remarkable baritone voices which a Janesville audience has had the opportunity to hear. It is a voice of great richness and tremendous power, with a range of over two octaves, and this natural endowment is combined with rare interpretative ability on the part of the artist. The moving and tender cadences of "The Sands of Dee" or Leslie's "Annabel Lee," the truly fearful and highly dramatic passages of "Edward," and the soul-stirring finale of the "Two Grenadiers," were most impressive and brought out all those hidden beauties of the singer's voice and art which have been remarked. The audience recalled Mr. Bergen many times and in two instances he kindly responded. Judging from last evening's reception of master and pupil, they will be more than welcome should they pay Janesville another visit at some future time.

GERMAN SOLDIERS ARE KILLED
African Natives Say Garrison of Warmbad Is Slain.
London, June 6.—A dispatch to a news agency from Cape Town says native reports have been received in official quarters to the effect that Warmbad, the German headquarters in southwest Africa, has fallen and that the garrison has perished. The rising of the Hereros against the Germans in southwest Africa broke out in the northern part of that colony early in January, 1904. Warmbad is a mission station about 135 miles east of the mouth of the Orange river.

MOTHER AND DAUGHTER SLAIN

Cause of Double Death in Milwaukee Is Puzzle to Coroner.

Milwaukee, June 6.—Florence Bell, aged 21, and her mother, Mrs. A. Meyer, are dead at the home in the rear of 805 Jackson street. Death is supposed to have resulted from drinking from the contents of a bottle supposed to contain brandy. The girl died several hours before her mother. A note was found on the table beside the bed of Mrs. Meyer, which reads: "Sell everything and give the dead a decent burial. In the purse is \$20.50." A search of the house by the assistant coroner failed to reveal any trace of poison. A further investigation is being made.

...Forty Years Ago...

Janesville Daily Gazette, Tuesday, June 6, 1865.—God Templar's Lodge.

At the Temperance Meeting last evening a Good Templar's Lodge was formed with a membership of twenty-five.

Personal.—We are gratified to welcome home again our fellow townsman, H. Richardson, Esq., who has been exploring the regions of petroleum.

Acknowledgment.—We notice among the articles contributed to the Chicago Fair, seven washing machines, contributed by Messrs. Doty of this city.

The Janesville Volunteers' Union will meet at the office of J. Baker, Esq., next Thursday evening at 7 1/2 o'clock. All who have been connected with the army as volunteers will find it to their interest to be present.

By Order of the Union.

This weather is absolutely frightful. The thermometer is in the vicinity of one hundred degrees, the high wind, the clouds of dust, the brazen sky, the boiling sun, all conspire to make the days fearful. The vegetables and animal kingdoms alike cry aloud for rain.

The President desires Jeff. Davis shall be tried by a civil court for high treason, as a perpetual reminder that treason is our highest crime.

A large meeting of loyal citizens was held at Charleston, N. C., on the 18th inst., and another at Lexington on the 20th. Speeches were made and resolutions passed of a most loyal character.

The Salisbury meeting recommended a state convention to be held at Raleigh, June 20th, and elected delegates thereto.

An order will be issued soon for the release of all prisoners below the rank of major.

ONE OF THE FLARING DOUBLE SHAPES.

The vogue of the new double shapes is one that must be seen to be appreciated. There is something distinctively smart in their flaring lines, and they do afford a scope for originality that is lacking elsewhere. While malines and a white horsehair braid are cleverly used in the chapeau illustrated, which is on this double order. The upper section follows the flare of the lower, except that it is turned sharply upward on the right side to display a big pink cabbage rose tucked in on the lower brim. The left side is turned up abruptly and faced with billowy folds of malines, and another big pink rose with just a spray or two of foliage is deftly perched here. The back sets close to the shape of the head, and a big splashing bow of white satin ribbon rests flatly on the crown.

TO PROSECUTE BEEF PACKERS

Steps Are Taken to Secure Indictments by Grand Jury at Chicago.

THINKS EVIDENCE IS STRONG

District Attorney Morrison Believes Proof of Violations of Law Are Sufficient to Secure Conviction When Cases Are Tried.

Washington, June 6.—Important developments in the prosecution of the Chicago packers for forming the alleged "beef combine" are looked for within the next few days. It is said that Attorney-General Moody has decided to go ahead with the prosecution, and that his assistant, O. H. Pagin, and District Attorney Morrison are now engaged in drawing up the indictments.

The policy is believed to have been decided on in spite of the fact that strong pressure was brought to bear on the administration not to press the prosecution.

Charles M. Dawes, former comptroller of the currency, John S. Miller, chief counsel for the packers at Chicago, and others friendly to the packers were in the city Monday looking after the packers' interests.

Mr. Dawes left for Chicago with Postmaster General Cortelyou, who is on his way to Urbana, Ill., to deliver the commencement address at the University of Illinois.

Packers May Protest.

There have been a number of reports that the packers would protest against the manner in which District Attorney Morrison had employed secret service men to hunt witnesses and their families. It was emphatically denied that such a protest had been made. What representations were made to the president and Attorney-General Moody against proceeding with the prosecution of the packers were not along these lines, it is said.

It is believed that the mission of Mr. Dawes and the other friends of the packers has been in vain. Assistant Attorney-General Day, who as counsel for the interstate commerce commission began the first prosecution of the Chicago packers and secured an injunction against them forming a combination under the name of the National Packing company, has been called into the present case.

This is regarded as significant. All the officials connected with the case maintain the strictest secrecy as to their plans.

Hold Evidence Sufficient.

One report here is to the effect that District Attorney Morrison was convinced that enough evidence had been secured to sustain any indictment in court that might be brought, but that Mr. Pagin was in doubt about securing convictions. When asked about this both refused to discuss the case in any way whatsoever.

This difference of opinion, among the attorneys handling the case at Chicago is said to have made it necessary to submit the matter to the attorney general. Since they have been here the evidence has been sifted and the decision reached by the attorney general to proceed with the investigation with a view to bringing indictments.

Matter Lies With Grand Jury.

The matter, however, lies with the Chicago grand jury. As a usual thing the grand jury is guided largely by the advice of the district attorney presenting the evidence, and if Mr. Morrison is in favor of finding indictments, as he is reported to be, they will probably be brought. As to the report that thirty or more would be included in the prosecution, it was said by one of the attorneys in the case that no such number would be included in any event. This statement was immediately qualified, however, that it had not yet been decided to bring any indictments, as that was a question for the grand jury to decide.

REJECTED SUITOR SHOTS TWO

Farm Hand Wounds Girl in Mouth and Escort in Breast.

Rockford, Ill., June 6.—A double murder was attempted here. Miss Belle Harrison, returning from church at Hebron in company with Charles Peet in the evening, met Dell Dasso, a farm hand, whose attentions she had declined to accept. Dasso drew a revolver and ordered the young woman to get out of Peet's buggy. She

refused and Dasso shot her in the mouth and then fired a bullet into Peet's breast. Peet will probably die. The girl also is in a critical condition. Dasso escaped.

The Benefits of Modern Plumbing.

One of the most generally approved ideas of modern plumbing is that of installing one-piece lavatories supplied with hot and cold running water in the sleeping apartments and dressing chambers of the individual members of the household.

The benefits derived from this arrangement will not only be found necessary to modern living, but also prove a source of convenience and comfort to the occupants.

Send for a copy of booklet "Modern Lavatories" which shows the complete line of "Standard" One-piece Lavatories with approximate prices in detail.

CRISIS OF GIRLHOOD

A TIME OF PAIN AND PERIL

Miss Emma Cole Says that Lydia M. Pinkham's Vegetable Compound has Saved Her Life and Made Her Well

How many lives of beautiful young girls have been sacrificed just as they were ripening into womanhood! How many irregularities or displacements have been developed at this important period, resulting in years of suffering!

Miss Emma Cole

Girls' modesty and oversensitiveness often puzzle their mothers and baffle physicians, because they withhold their confidence at this critical period.

A mother should come to her child's aid and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change and start the menstrual period in a young girl's life without pain or irregularities.

Miss Emma Cole of Tullahoma, Tenn., writes:

"I want to tell you that I am enjoying better health than I have for years, and I owe it all to Lydia E. Pinkham's Vegetable Compound."

"When fourteen years of age I suffered almost constant pain, and for two or three years I had soreness and pain in my side, headaches and was dizzy and nervous, and doctors all failed to help me."

"Lydia E. Pinkham's Vegetable Compound was recommended, and after taking it my health began to improve rapidly, and I think it saved my life. I sincerely hope my experience will be a help to other girls who are passing from girlhood to womanhood, for I know your Compound will do as much for them."

If you know of any young girl who is sick and needs motherly advice ask her to write Mrs. Pinkham, Lynn, Mass., and she will receive free advice which will put her on the right road to strong, healthy and happy womanhood."

MEATS

Boiled Ham and Boiled Shoulder sliced in neat thin slices. During hot weather this comes in handy to save cooking.

A Few Days Ago

A woman came into our office on North Bluff street and said she wanted Pasteurized Milk left at her house each day. She had heard of Pasteurized Milk and asked her milk dealer what it was like. He having the other kind for sale told her it was a useless process that left the milk with an unpleasant taste. A short sojourn into another city where her hostess used it regularly convinced her of the falsity of that statement.

Pasteurized MILK

is rich in flavor, has been treated to a modern process of removing the bacteria, and is delivered in sealed sterilized bottles.
